

## 2020 SA Regional Science Small Grants Form

Grants of up to \$2,500 are available for regional community science-related activities and/or events to take place during 2020.

Eligible regions include all regions outside metropolitan Adelaide.

Activities and/or events must engage local communities in local science. They can include science fairs and science expos. They can include bushfire/recovery-related activities.

School-based events and activities that take place in schools during school hours are not eligible.

Events and activities designed to take place in National Science Week (August 2020) are not eligible.

Before completing this form, please read the 2020 South Australian Regional Science Small Grant Guide available at <https://inspiringsa.org.au/2020-south-australian-regional-science-small-grants/>
